Still not sold? We'd love to share with you the highlights we're proud of:

- We cover pets of all ages (where many companies cap the age at 13).
- We cover care for dental concerns/illnesses (surprisingly, not all pet insurance companies do)
- Our coverage applies to exams related to both illnesses and accidents
- We even cover for the cost of behavioral care treatment and exams
- Perhaps best of all, we are a new and upcoming company based around passion for pets and feedback from customers like you (which means that you can help make a difference in the direction of our company!)

Whether for preventative care or treatment for unfortunate events or pre-existing conditions, you are in good hands with the protection of Pumpkin Pet Insurance.

*We are proud of our supply, and want to reward you for committing to the welfare of your domestic darlings.
